

Litigation

Our firm assists corporate entities and individuals in their professional activities and helps them deal with the vicissitudes of business life. We advise and assist them in disputes arising between them and their contract partners or the authorities, in business, contractual, banking, finance and tax matters, all areas in which we are active even outside the context of litigation. Please refer to the relevant pages of our website as far as litigation in banking and financial matters as well as in tax matters are concerned.

We provide assistance and legal representation to our clients in contested cases before Swiss judiciary or administrative authorities.

Our firm enjoys a reputation of competence and professionalism in judicial and administrative circles.

Our activities in litigation and arbitration matters include:

- Disputes relating to corporate matters, contracts, trademarks, unfair competition and civil liability
- Provisional measures and attachment
- Debt collection
- Enforcement of foreign judgments and arbitral awards
